Educators serving youth, VHSL is 316 state schools

Virginia's public high schools, through their alliance as the Virginia High School League, serve their youth by establishing and maintaining standards for student activities and competitions that promote education, personal growth, sportsmanship, leadership and citizenship.

Major policies and decisions affecting League programs are determined by a 28-member

Executive Committee. Direction is provided by group boards and by region and district councils. Finally, all member principals have oversight at region meetings and at fall and spring membership meetings.

This democratic, decentralized organizational structure provides for maximum local control and assures participation of school leaders as well as the public-at-large.

MAKING A MARK

Book of Records gives shape to VHSL achievements

This publication is the 15th edition of the *Virginia High School League Book of Records*. The VHSL continues its efforts to compile state championship data in all VHSL activities, along with performance marks where they are available.

Virginia's public high schools, through their alliance as the Virginia High School League, serve their youth by establishing and maintaining standards for student activities and competitions that promote education, personal growth, sportsmanship, leadership and citizenship.

The VHSL Book of Records brings proper recognition to high school students, coaches and teams that have achieved outstanding performances in interscholastic athletic and academic competition. The Virginia High School League believes such recognition helps stimulate interest in high school athletic programs and motivates participants to improve their skills.

Information is compiled from office files, past issues of *The Leaguer*, VHSL's yearbook of record, and information from those outside the VHSL who follow Virginia high school activities, most notably Marshall Johnson, retired Associated Press sports writer, member of the Virginia High School Hall of Fame and unofficial historian for prep sports in Virginia. John Crute of Richmond provided information about Group AAA track.

Todd Feagans and Erik Nilsson, student interns from the University of Virginia, undertook the massive assignment to get the book established. Their efforts have been supported in later updates by UVa interns Scott Clayton, Biffy Corneilson, Jerry Kim, Jessica Lange, Cicily Marshall, Rebecca Pine and Neil Thomson, and by Bob Moore, athletic director at Virginia Episcopal School in Lynchburg. All have spent many hours researching old files and making telephone contacts, checking and re-checking facts and inputting information.

A Work in Progress

However, much remains to be done on this *Book of Records*. Readers will find incomplete or missing informa-

tion. *The Leaguer* didn't give complete results in some activities in some years. While Johnson has compiled detailed performance records in sports such as football and basketball, we have found no records of outstanding performances in other VHSL sports and activities. Although we have done what we could to update information, there is no doubt that readers will have information that the VHSL may not.

We Invite Your Contributions

We invite you to become part of this publication. Where information is incomplete or incorrect, let us know. Where information is missing, fill in the blanks. Where you think we need to include information we have not offered, plead your case. In activities where there are no performance marks listed, we will use information received from our readers to establish them. As we continue to update this publication, we will rely on school officials, participants, reporters or other interested readers to keep us up to date with each new achievement or performance record.

Be careful though. We need verification from newspaper accounts, school records or some other authoritative source before we include information that may not be accurate.

Please use the form at the end of this book to report information which will update this work in progress.

Sportsmanship Statement

The Virginia High School League is pleased to recognize outstanding achievements by teams and individuals. Although it is impossible to determine intent when marks are established, the committee strongly encourages recognition of performances in the true spirit of interscholastic competition. Running up scores or embarrassing an opponent for the primary purpose of inclusion in the Book of Records is not consistent with the ideals of good sportsmanship.

Sportsmanship Statement

The Virginia High School League is pleased to recognize outstanding achievements by teams and individuals. Although it is impossible to determine intent when marks are established, the committee strongly encourages recognition of performances in the true spirit of interscholastic competition. Running up scores or embarrassing an opponent for the primary purpose of inclusion in the Book of Records is not consistent with the ideals of good sportsmanship.
